

# I prefer 30° Campaign

Joint network implementation activities

General Assembly, 12 June 2014

## OUR GOAL

Aspiration yet realistic

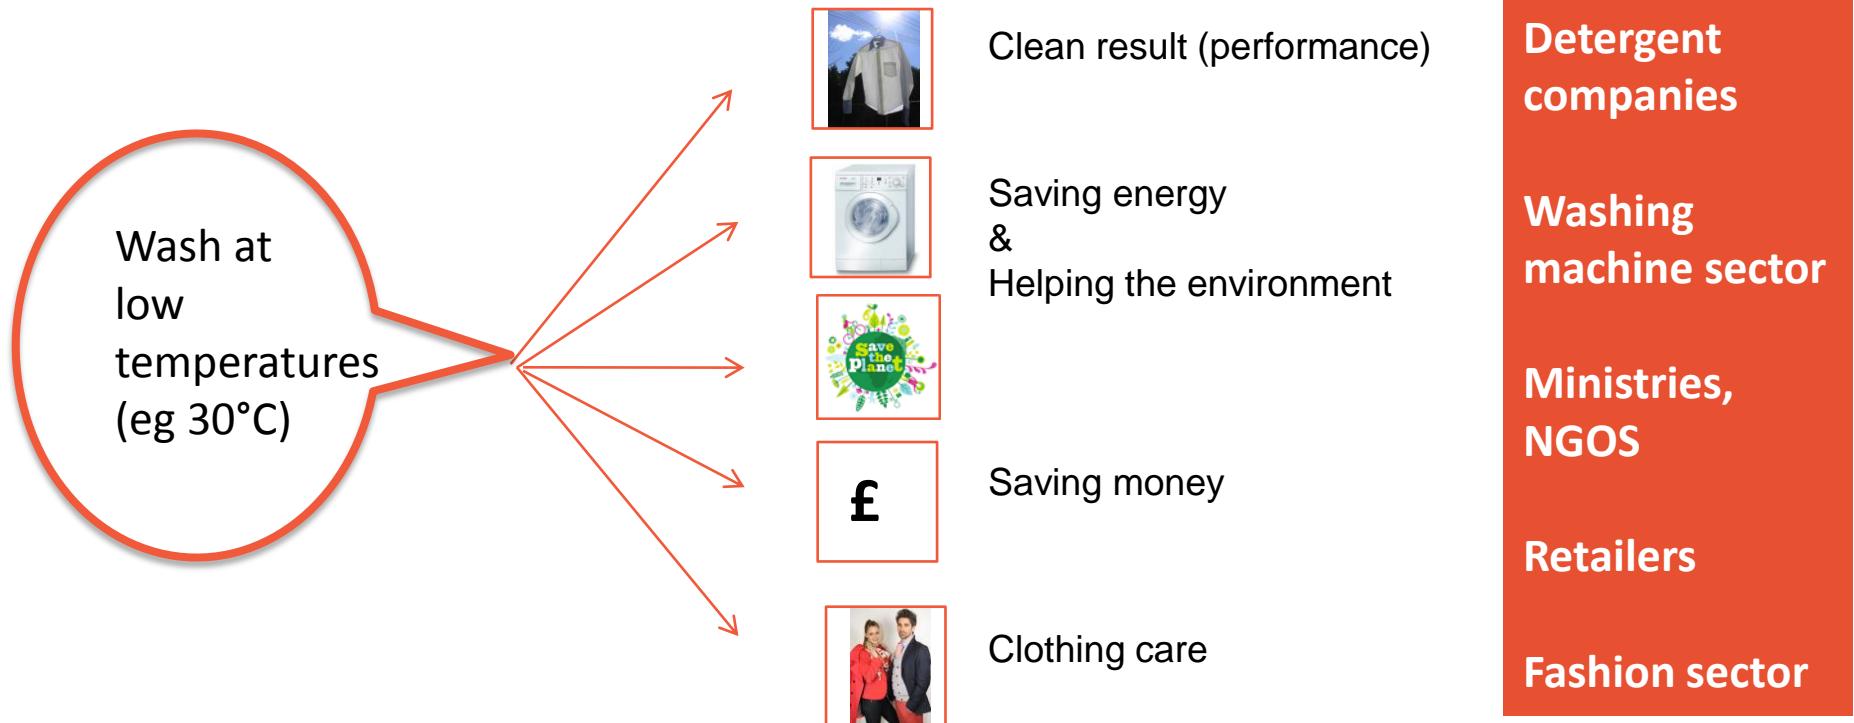

To promote low temperature washing (30° or below) and reduce the average EU wash temperature, now at 41°C

**FOCUS COUNTRIES:**  
**BE, F, I, UK, DK**

# STRATEGY

Reassure about the benefits of washing at low temperatures eg 30°, by communicating TOGETHER

# CAMPAIGN LAUNCH EVENT

MILANO, 7 JUNE 2013

&

*"I very much welcome the "I prefer 30°" campaign. This is an example of partnership at its best and is fully in the spirit of the Commission's aim to encourage multi-stakeholder action in the fight against climate change. If we all make small changes to our daily habits, together we CAN make a big difference. Let's work together for a better climate - one machine wash at a time!" – Connie Hedegaard, Commissioner Climate Action*

## Danskernes vaskevaner går ud over miljøet

Danmark halter gevældigt bagefter andre europæiske lande, når det handler om bæredygtige vaskevaner. Vi er nemlig blandt de europæere, der vasker ved de højeste temperaturer. En ny kampagne, som lanceres i dag, skal få os til at ændre denne kedelige vane, der går ud over miljøet og slider på tojet.

Den nye kampagne hedder I prefer 30° og har til formål at få danskerne til at skruer ned for temperaturen, når de vasker toj - fordi det gavner miljøet og skærer tojet. Det er brancheforeningen for vaskemiddelproducenter, SPT, Unilever og Procter & Gamble, der står bag kampagnen, der støttes af en række virksomheder, herunder Coop Danmark, Miljømærkning Danmark, Novozymes og Danish Fashion Institute.

Og der er plads til forbedring:

Bonjour, Tout n'est pas lavable à 30 mais mon linge courant oui et je vais continuer cette pratique qui fait gagner du temps et diminuer ma facture d'électricité. Merci à vous de cette démarche Cordialement Belle journée

nailartn1

J'ai depuis longtemps lavé mon linge à 30° et j'en ai toujours été satisfaite sauf pour les vêtements très sales (genre tache d'herbe et tache tenaces). Je recommande à tout le monde de laver à 30° pour le linge courant. Les vêtements sont moins agressés, le linge ressort tout aussi propre qu'un linge laver à plus haute température. Et on fait de l'écologie et des économies

liliexcvb1

oui mes habitudes ont complètement changé je suis convaincu sa protège mon linge je respecte l'environnement et je fais des économies je suis conquise

**25,000** visitors to UK B2C site as a result of UKCPI joint press release with National Union of Students partnership in the UK during March!

# JOINT PARTNERSHIP WITH NATIONAL UNION OF STUDENTS

A screenshot of a web browser showing the National Union of Students (NUS) website at www.nus.org.uk. The main banner features the NUS logo and a 'Buy your extra card today' button. The central focus is a 'WASH AT 30°C SAVE ENERGY SAVE MONEY' campaign with a £1,000 prize draw. Below the banner is a navigation bar with links to Who We Are, Take Action, News, NUS extra, Advice, Lifestyle, and Students' Unions. A search bar and a magnifying glass icon are also present. The main content area contains two promotional boxes: one for 'Wash at 30. Save energy, save money' and another for the same campaign. Both boxes include a photo of a smiling person taking a selfie with a washing machine. The bottom of the page shows a toolbar with various icons and a status bar indicating the time as 09:24 and the date as 23/05/2014.
